PRODUCT CATALOGUE
REGISTERED TRADEMARK OF VELILLA GROUP

ABOUT MUKUA

MUKUA is a modern and creative brand. Our aim is to offer you the style and comfort that inspires you the most.

We develop garments with modern designs, unmistakable quality finishes, an attractive colour palette and a wide range of sizes; all of them designed so that you can carry out even your most ambitious projects.

We want to make our products your own, which is why they have been specially designed so that you can personalise them, obtaining unbeatable results after printing. Our success lies in actively listening to the market and the hard work of our product team. We design our garments to best suit you and your needs.

All this without losing sight of our firm commitment to both the environment and society. For this reason, we have the most demanding international certificates and our own eco-responsible collection: MUKUA NATURA.

What do we offer you?

The best value for money

Guaranteed stock

Delivery flexibility

Personalised customer service

Printing shop and advice service

Greenproject.

by Velilla Group

For many years, at Velilla Group we have been working with our sights set on the future. Offering a value proposition to our clients and generating a positive impact on our environment have always been among our priorities.

We believe that the role of business as a transformative force in society is essential, to be able to contribute to the creation of long-term sustainable development, without compromising social and environmental needs.

For this reason, the **Green Project** was born, a programme that is part of our commitment, where we encompass and promote all the initiatives we carry out to care for our planet and all those who live on it.

The implementation of a circular project, the use of renewable energy, even printing the pages of this catalogue in an environmentally friendly way, are just a few examples of all the initiatives and policies contained in this ambitious project.

For more information, please visit:
www.velilla-group.com/en/greenproject-en

MUKUA^{natura}

Our MUKUA NATURA collection consists of sustainable products made of organic cotton and recycled polyester, which comply with the most demanding international certifications.

This catalogue is printed on PEFC certified paper

The raw material comes from forests certified by independent experts to ensure that they are managed according to strict national and international standards. In this way, we contribute to halting deforestation and are supporting foresters and forest owners who care for and manage their forest land sustainably.

VelillaGroup.

We comply with the highest environmental standards on the market

CU 1089189

● Global Organic Textile Standard (GOTS)

GOTS is an internationally recognised standard that ensures care and respect for the environment and workers throughout the entire textile production and supply chain.

The GOTS approach encompasses not only the cultivation of organic fibres, but also the care and respect for the environment, as well as the reduction of environmental impact during all processes involved. This includes everything from cultivation to delivery of the garment to the customer, as well as improving the working conditions of all those involved in the garment manufacturing process.

What does GOTS entail?

GOTS compliance requires the implementation of specific measures such as ecological cultivation practices, elimination of prohibited chemicals, reduction of consumption, waste and dumping, establishment of fair wages, among many others.

GA-2023/0227

● International standard UNE-EN ISO 14001

Better known as ISO 14001, this is the reference standard for the implementation of a Management System that helps to control environmental aspects. Its particularity lies in requiring the implementation of a continuous improvement plan to reduce the ecological footprint.

Velilla Group complies with this standard by establishing commitments through proactive decisions aimed at protecting the environment against possible deterioration, degradation and respecting the environment.

Organic Cotton: 2023OK0537
100% Cotton: 2023OK0423

● OEKO-TEX®

All our T-shirts have the OEKO-TEX® certification, both those that are 100% cotton and those that are composed of organic cotton.

This standard guarantees the absence of harmful substances, both in the garments and in their manufacturing stages, complying with the REACH regulation of the European Union, which restricts the use of chemical substances and heavy metals that are toxic to the health of users.

MUKUA
natura

● Our eco-responsible collection: MUKUA NATURA

Our entire **MUKUA NATURA** range is made from sustainable materials of the highest quality: 100% organic cotton and 100% recycled polyester, meeting all the most demanding ecological, social and ethical criteria.

Find all the information about MUKUA NATURA on page 67 of this catalogue.

WHAT'S NEW

Discover all the new products
in our new catalogue!

GRAFTON

[NEW]

The new unisex quilted jacket that will seduce you with its contemporary design and captivating colour palette. It is very light thanks to its "Fake Down" filling, an alternative to natural feathers that provides the same feeling of comfort and maintains the perfect body temperature.

[Go to pages 80 — 81]

RICHMOND

[NEW]

Our new soft-shell jacket combines style and functionality. A light and elastic garment that becomes your best ally to protect you from rain or wind, keeping your body warmth with its thermal interior. You will find it in its Unisex, Woman and Kids versions, in 6 intense colours.

[Go to pages 76 — 79]

PERTH COLLECTION EXTENSION

[PERTH WOMAN and PERTH KIDS]

Our PERTH fleece jacket stands out for its warmth and softness. A timeless and versatile garment, which we are now launching in its Woman and Kids version. And not only that, but we are also upping the ante with 4 new colours that evoke nature.

[Go to pages 86 — 87]

MELBOURNE WOMAN

[NEW]

One of our best sellers, now also available for women. A super soft T-shirt made of 100% RingSpun cotton, with a slimmer fit and available in no less than 27 original colours.

Combine it with the Unisex and Kids models thanks to our Colour Link concept.

[Go to pages 18 — 19]

DERBY

[NEW]

A unisex T-shirt specially designed for sublimation printing. Let yourself be surprised by its lightweight 100% polyester fabric with an extra soft cotton feel.

Discover it in the T-SHIRTS and SPORT sections in its 7 vibrant colours.

[Go to pages 24-25 — 94-95]

COLOUR LINK EXTENSION

We continue to expand the colours of our T-shirts, sweatshirts and polo shirts in all their versions: Unisex, Woman and Kids. So that you can combine different styles and models in the same consistent colour palette.

MUKUA NATURA

JOIN THE CHANGE	[P. 67]
LAKE	[P. 68]
ECO BAG	[P. 69]
VALLEY	[P. 70]
CANYON	[P. 72]

All products in our MUKUA NATURA collection are sustainable and respectful of the environment and society. Only the highest quality materials such as 100% organic cotton and 100% recycled polyester are used. A sustainable choice so that your garments share your values.

Be part of the change.

The **MUKUA NATURA** collection has been developed according to our commitment to the environment and society, to offer you 100% sustainable and eco-responsible garments, betting on a new way of creating and consuming. We want to be part of the change in the industry, increasing awareness for responsible consumption.

All our MUKUA NATURA products comply with the most demanding and important criteria, obtaining the most prestigious certificates in the sector:

CU 1089189

GOTS

The Global Organic Textile Standard [GOTS] applies to all textiles produced with organic fibres and certifies their sustainability along the entire textile production and supply chain.

It's worldwide recognition is because it is a more comprehensive standard, as it takes into account many criteria, not only ecological but also social and ethical.

2023OK0423

OEKO-TEX

Our products are OEKO-TEX® certified, which guarantees the absence of harmful substances both in the garments and in their manufacturing stages, and therefore also comply with the REACH regulation of the European Union, which restricts the use of chemical substances and heavy metals that are toxic to the health of users.

PRINTING SHOP

ARE YOU FAMILIAR WITH OUR CERTIFIED PRINTING SHOP?

We have our own certified printing shop to support our customers in their projects, offering a comprehensive and efficient service.

We are committed to a sustainable future, which is why our shop is one of the pioneers in being certified under the Global Organic Textile Standard [GOTS]. If you choose to print the **MUKUA NATURA** collection in our shop, we can guarantee full GOTS certification and traceability. **Ask your sales manager for more information.**

WE OFFER THE FOLLOWING SERVICES:

TRADITIONAL TRANSFER

This technique is known for its versatility, as it allows the application to almost any fabric or garment. It is therefore suitable for any of the products in our catalogue.

It is a very fast technique and one of the simplest. At the same time, it offers the possibility of working with vinyl with different reliefs and textures.

DIGITAL TRANSFER (DTF)

Thanks to its composition of a high cotton content, our range of T-shirts and sweatshirts are ideal for applying this new and simple printing technique.

The digital transfer (DTF) is one of the most advanced printing techniques, whose success lies in its great resistance over time, due to the application of heat when fixing the design.

SCREEN PRINTING

Our T-shirts, polo shirts and sweatshirts are perfect for screen printing all your creations.

This popular technique is ideal for large print runs, as there is no risk of loss of quality of the personalisation, and it is very durable.

In addition, it is possible to combine different inks to obtain a multitude of different effects.

EMBROIDERY

A great classic that never goes out of style. It stands out for its durability and the high quality of its finish, which is why it is not only used in the corporate sectors.

Did you know that you can also combine screen printing techniques with embroidery? You can choose to apply it to any of our garments, as all of them are suitable for this technique.

ADVICE

To support you in your projects and provide you with the best service, we have a printing advice service available to all our customers.

Whatever your project, our team of professionals will help you choose the most suitable customisation technique, considering every last detail.

Digital transfer (DTF)

MATERIALS CHART

PRE-SHRUNK RINGSPUN COTTON

This type of cotton, for the structure of its fiber, has reduced risk of shrinkage throughout the washing and drying cycles. Aside from this characteristic, our Mackay and Hobart models, also include RingSpun yarn of superior quality.

RINGSPUN COTTON

Our t-shirts are made of superior quality ring spun yarn. Among its great advantages, we can point out the very soft touch, unequaled printing results and more stability after washing.

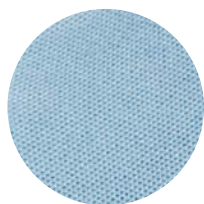

SINGLE JERSEY

It's a type of knitted fabric, popular for its lightness and elasticity. It can be found in our t-shirts providing greater flexibility and comfort.

RIB KNIT

This type of fabric is found primarily in the collars and cuffs of our items, it gives them greater elasticity and lower risk of deformation.

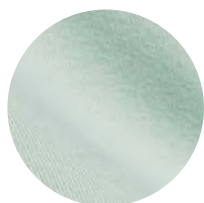

PIQUÉ

Due to its honeycomb structure, this fabric is primarily used for polo shirts. Ours, specifically, offer superior durability and better finishing.

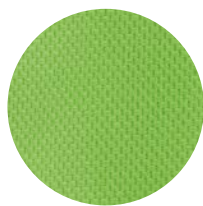

COTTON TOUCH JERSEY

The 100% polyester jersey with cotton touch stands out for its softness, lightness, and elasticity. Its versatility makes our DERBY T-shirt the best ally both for the textile sublimation technique and for different sporting events.

BRUSHED FLEECE

Our sweatshirts are made of cotton-polyester with brushed interior that provide greater warmth and softness.

BIRD EYE

This type of fabric is made from 100% polyester. Its construction allows incredible freedom of movement and unparalleled lightness. Moreover, its fast-drying properties and easy ironing make it ideal for sportswear.

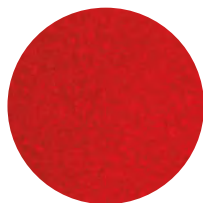

ELASTANE

It's a synthetic fiber known for its great elasticity. Our items have elastane components in the collar and cuffs to prevent their deformation.

TWILL

Twill is a fabric that is constructed with parallel diagonal threads. Thanks to its structures, although thin it is a resistant and lasting material. At MUKUA we use twill to produce our caps, making them a high-quality product.

POLAR

Polar fleece fabric was developed to isolate from the cold and resist humidity without sacrificing breathability. It also provides unique softness and comfort.

SOFT SHELL

Our two-layer soft shell fabric offers a perfect balance between protection and comfort. It stands out for its repellency, breathability and elasticity.

TAFFETA

Windbreakers and quilted garments are made of a fine polyester/polyamide fabric. This material is characterised by its softness and strength, giving consistency to our garments. One of the main characteristics of this fabric is that it has a compressed internal structure that makes it easy to wash.
